Re: Docket No. 01-00050 – Application of Intrado Communications Inc. for a Certificate of Convenience and Necessity to Provide Facilities-Based and Resold Telecommunications Services throughout the State of Tennessee

Dear Mr. Werner:

Pursuant to ordering paragraph 2 of the Initial Order Granting Certificate of Public Convenience and Necessity, Intrado Communications Inc. ("ICI") provides this report to the Tennessee Regulatory Authority ("Authority"). Ordering paragraph 2 provides:

The Applicant shall file a report with the Authority two years after the date of this order, if the Applicant has not yet offered service in Tennessee. Such report shall detail the reasons for the lack of service and any future plans for providing telecommunications services in Tennessee.

As the Authority is well aware, telecommunications market conditions in Tennessee (and nationwide) have changed dramatically over the past several years. As a result, ICI has not yet provided service in Tennessee. ICI intends to provide services in Tennessee, however, if and when market conditions permit.

Thank you for your attention to this matter. Should you require any additional information, please feel free to contact me at (720) 864-5510.

Sincerely,

David A. Huberman
Assistant General Counsel
Intrado Inc
